NORTHERN MANITOBA

August 31, 2019

Fair weather cometh out of the north: with God is terrible majesty. Job 37:22

Greetings from the North!

This has been an active month for the Lord. God gave us a safe month of traveling 8,586.00 kilometres of combined ground and air travel. As I look back, it is astonishing that so much distance can be travelled in a very small period of time. William Carey, known as the 'Father of Modern Missions', has been referred to many times in sermons on missions. It took approximately 6 months to travel from England to India in his day. His actions, solely for the cause of Christ, are well outlined in his famous quote, "Expect great things from God; attempt great things for God". I considered this and thought of how we can travel so quickly and move information at almost light speed. In all of this, we struggle to get the gospel to our neighbours, communities, cities, and lands. To me, this is humbling, and it led to similar discussions with fellow labourers.

Our kids were pleased to see Old McDonald's Farm in our journey. We had the privilege of helping others in their work and labour of love by preaching, soul winning, distributing John and Romans, and singing. My wife was thrilled to present to a woman's group and touched to be used by God in this way. We are also blessed to have seen an increase in support for the ministry. Praise the Lord!

We have been given much help by God's people on our travels and thank you seems like it is just not enough. Only our God could bring people and strangers of different backgrounds together with a mutual love for each other where there could otherwise be rifts and strife.

PRAYER REQUESTS

Continued health and safety for the family, and the filling from God in our lives

Additional fruitful meetings

Wisdom - considering long term deputation plans. We have a sound vehicle, but it may not be practical for the upcoming needs.

Salvation:

Richard - an agnostic and historian; almost persuaded. Pray God works on his heart.

Karri - a former Mormon, has a conflicting testimony, but said she would come out to church. Pray that she does

Gary - a 90 year old Lutheran, when presented with the gospel, looked confused and had no answer, but not willing to commit. Also said he might come out to church sometime.

Cole - a young man, said that 'he was not into organized religion' and believed more in native spiritualism. Once confronted, he said that 'he was leaning toward Hinduism,' which is an organized religion.

Edwin - a Catholic Filipino, whose contact has been given to a fellow Filipino to follow up.

Pray that God's Word will breach the cloud of darkness each of these find themselves under. All of these took tracts, listened, commented, and considered what was being discussed.
