April 2, 2020

Greetings from the North!

The Lord has been gracious towards us this past month. It was so exciting to attend a Missions Conference as well as a Missions Sunday in Alberta at the beginning of March. We were thrilled to go door-to-door soul winning to share the Good News of our precious Saviour with lost souls. David was able to witness to an unemployed man at a gas station in Alberta. We were also able to assist a church in assembling more John and Romans for distribution throughout their city. Employing social distance measures at month's end, we were able to be a testimony and gave the Gospel to JJ at a campground in BC.

We had been greatly involved in our home church's annual Teen Lightning Conference for many years. As we journey across the country, we are thrilled to see many of these teenagers, now grown with families of their own, faithfully serving the Lord in their home churches. They are raising their little children to serve God. Some of these adults have informed us that they were on our team many years ago and that Teen Lightning had a big impact on their lives. Glory to God!

Although we had been carefully planning and scheduling meetings along the deputation trail, the Lord has changed our direction due to the new government restrictions and regulations. After much prayer and counsel with our pastor, we have suspended our deputation for the time being. God has assisted us in safely arriving on our field of Snow Lake much sooner than we had originally planned. In accordance to municipal, provincial, and federal regulations, we will be self-isolating (quarantining) at Snow Lake Baptist Church for two weeks before entering the community. The church folks here have been so helpful and kind in preparing the church for our temporary accommodations.

The Lord has blessed us abundantly above all that we can ask or think. What a wonderful God we serve! Many pastors across the world are planning innovative and creative ways to obey the laws of both the land and the Lord. We have already been involved in Livestream services, and are preparing to use technology to reach our community here in Snow Lake.

We are grateful for safety in travelling across the stormy mountain passes of British Columbia, through the blizzards in Alberta, and along the sketchy highways of northern Saskatchewan and Manitoba. Many thanks to the Christian brothers and sisters who have graciously helped us along our deputation travels this month. We arrived at many churches as strangers, and left as lifelong friends.

Thank you so much for your faithful service for the Lord in your home towns and churches. Now is not the time to faint, dear brethren. Keep on the firing line!

Serving together,

David, Nadine, Abigail, Paul and Noah Muckle
