February 17, 2021

Greetings from the North!

January marked the beginning of a New Year. The conclusion of 2020 was applauded by many. Every time I read a news article it appeared that many people thought the current dilemma would disappear with the change of the calendar! An end to the existing predicament cannot occur until our leaders turn their hearts to the Lord. What we are witnessing is merely the natural progression of humanistic indoctrination in Canada.

With all the disorder of the prior year, the Lord has guided and protected our family. Praise the Lord for His goodness!

Mr. Colton had a life changing accident at the end of December. As mentioned in our last letter, he had to be flown to Winnipeg for emergency surgery. The dangerous operation was a success and he is now recuperating at home. Abigail helped me make muffins and I delivered them to him. The meeting went quite well. I was able to present the Gospel clearly to the Lutheran gentleman. He would like to get together to discuss spiritual matters again. Please pray that the Lord would continue to work in both his spiritual and physical needs.

During the previous three months of lockdown, we faithfully broadcasted our 4 weekly services via online methods. Manitoba has recently begun carefully reopening the economy. Churches were given very strict guidelines of reopening at 10% of the building capacity up to 50 people per facility. We were praying for better results but were thrilled to see our members return last Sunday. The government will revisit the Public Health Orders in 2 more weeks.

Thank you for your encouraging words, prayers, and support this past month. It is a blessing to partner with you as we continue to minister in Northern Manitoba.

Serving together,

David, Nadine, Abigail, Paul, and Noah Muckle

I Peter 5:7
