Greetings from the North,

The Lord is continuing to show His handiwork here in Snow Lake. The children were thrilled to witness an amazing exhibition of the Aurora Borealis. The colours were stunning as the lights twirled and swirled across the clear evening sky. We were so thankful for the reminder of God's greatness and goodness towards us.

The church ladies and children packaged beautiful Easter baskets for 14 community families we have been trying to reach this past year. The children carefully wrapped all of the delicious treats and joyfully distributed them to their friends. Gospel literature and an invitation to Sunday School were included in each parcel. Everyone was excited that a young visitor came to church Resurrection Sunday as a result of the outreach.

A gentleman who has recently started working at the mine has also visited church a couple of times. Another man at church has regular contact with the visitor, and we are praying that Donnie will continue to attend church.

We have been able to personalize some discipleship course booklets for distribution. Mr. Colton was given the first discipleship brochure with an Easter basket for his family a couple of weeks ago. Please continue to pray for these folks.

David has been able to meet a few more residents this past month. He continues to spread the Good News to these acquaintances and constantly looks for more opportunities to witness.

Your friendship, encouragement, support, and prayers are very much appreciated!

Serving together,

David, Nadine, Abigail, Paul, and Noah Muckle

Everyone enjoys playing
Bible Pictionary!

SLBC prepared gifts for
some community families.
