

December 1, 2021

Greetings from the North!

The Lord has answered many prayers and has provided us with a peace that passeth all understanding. We have seen some long time and life-long friends graduate into Glory since our last letter. While we are glad that they are now rejoicing in Heaven, we will miss these dear friends. The Lord has also miraculously healed other fellow believers for whom we had been fervently praying.

Many members of Snow Lake Baptist Church have been unwell the past couple of months. We were grateful to watch as their health gradually improved. We felt like the church was full last Sunday as almost everyone was able to return to the services again.

The healthy people of our church participated in a couple of nights of tract outreach at the end of October. We focused on the town's children, with the prayer that we could reach the parents, as well. The church was able to distribute quite a few tracts!

The Town of Snow Lake held a Remembrance Day service on November 11<sup>th</sup>. Even though we endured a chilly wind and freezing rain, David was blessed to lay a wreath on behalf of our church during the outdoor ceremony.

Abigail has been praying for one of the neighbour girls and has tried to befriend her. Our daughter was quite excited when she finally had the opportunity to witness to her new friend! Please pray for H.

I have been trying to witness to K and her husband. I have been able to visit with them a few times now. This couple has had a Godly influence in their lives in the past. Please pray that they will see their personal need of salvation. I was also able to witness very briefly to a group of individuals who were originally mocking clean living and trying to tease the local minister. It is amazing how quickly a short witness for Christ can shut a conversation down and disperse a crowd! It is difficult to hear someone reply, "I am going to Hell when I die and I'm okay with that." Hell is no party! Sin and the Devil have captured many people for indifference to their eternal state.

While re-securing the blade on a mower deck in early October, the wrench and protector slipped. The result was a severe cut on the pinky finger and a deep cut down to the bone on the ring finger. The surface wounds are all now healed, but there may be tendon damage. The ring finger does not move correctly and provides continuous pain. I am not able to remove the wedding ring as the knuckle is still swollen.

The children are doing well in school. They are also keeping quite busy hauling wood, shoveling, and making snow forts.

We appreciate the notes of encouragement, gifts, and prayer of fellow believers across the continent. What a mighty God we serve!

**Please pray for:**

Interest in the Gospel, Holy Spirit's conviction of sin, Protection for the family, Healing of my left hand

Serving together,

David, Nadine, Abigail, Paul, and Noah Muckle
