

August 3, 2022

Greetings from the North,

We are amazed to witness the work that the Lord is doing in hearts here this summer. With the warmer weather upon us, our family travelled to the “nearby” community of Cranberry Portage, which is 1.5 hours away. It was encouraging to knock on doors and to talk to the folks in this small town. Some people were hurting from the recent losses of loved ones. Others were saved and were thankful that we cared enough to drop by. A few were receptive to the Gospel and listened to the Good News we shared.

Our church jumped into high gear as everyone began to prepare for a few main events planned for the next few months. Snow Lake Baptist Church shared the first place award for small engine floats in the annual Canada Day Parade. The children enjoyed decorating a friend's golf cart for the entry. All of the church children also excitedly decorated their bicycles to participate in the bike contest. Some of them won prizes for their creativity. Although it was marvellous to join the festivities, our main focus was to witness to the community.

Our folks spent much time preparing packages to distribute to the crowds. Included in these bundles were candy, tracts, and artistic VBS invitations. There were just enough packs prepared to reach the onlookers! The participation and effort of our faithful church members was a tremendous blessing.

The church picnic was a success with quite a number of visitors in attendance. It was a relaxing time of fellowship, and we are praying that the guests will attend our church services.

Many visitors have come to church these past couple of months. Sunday School was quite busy; the older girls and ladies gladly pitched in to help Nadine with the children during the classes. Our neighbour also came with his younger children—what an answer to prayer!

Our efforts are now focused on our VBS outreach scheduled for the evenings of August 17-19. Donna has

already prepared many of the crafts we require. Abigail and Nadine have the music organized. The church is working the kinks out of the games we are arranging, and the children are assisting us with the decorations. Our other members are also prepared to help with all of the activities we are planning. Please continue to pray for this outreach!

Thank you so much for partnering with us in the ministry in Northern Manitoba.

Serving Together,

David, Nadine, Abigail, Paul, and Noah Muckle
